Benefits created by Virginia Western extend to far more people than just its students. As students and employers enjoy higher income and increased output, society as a whole benefits from an expanded economy and a range of savings associated with the students’ improved quality of life.

**VIRGINIA WESTERN RAISES PROSPERITY IN THE STATE**

- Students earn more because of the skills and qualifications they acquire at Virginia Western. Further, employers earn more because the added skills of the students they hire make their businesses more productive.¹

- Together, increases in earnings and business output stimulate corresponding increases in income and employment throughout the state. Over their working lives, Virginia Western’s 2012-13 student population will generate a present value of **$737.4 MILLION** in added income in the state of Virginia.

**VIRGINIA WESTERN IMPROVES QUALITY OF LIFE**

- As Virginia Western students achieve higher levels of education, they are statistically more likely to develop good health habits. This leads to a present value of **$16.9 MILLION** in savings to students and to society as a whole for medical treatment related to smoking, alcoholism, obesity, drug abuse, and mental disorders.

¹ This analysis excludes the additional economic impact of dual enrollment courses taught in local high schools.
• Students enjoy better employment opportunities as a result of their education at Virginia Western. This makes them less likely to require income assistance and less likely to commit crimes. These effects translate to a present value of **$73,466** in unemployment-related savings and **$3 MILLION** in law enforcement savings to society as a whole.

• Altogether, savings to society amount to a present value of **$19.9 million**, equal to the sum of avoided costs related to health, crime, and unemployment.
