Blackboard

- Blackboard is an online course management system. Blackboard has many useful features for both in-class and distance learning faculty. Some of these features include announcements, online grade book, discussion board, places to post assignments and an online quiz function.
- Because Blackboard is a secure site, it is the only place that you can post student grades!
- A Blackboard account is set up for all classes. In-class faculty can choose how much they will use this tool but are at least required to post their syllabus onto this system.
- Further training on Blackboard is available through the College’s instructional technology department. They offer group classes and individual training. For more information, please contact Dr. Carrie Halpin at 540-857-6636.
How do I post my syllabus on Blackboard?

Select Blackboard under My Tools
Click on your course
Click the ‘Syllabus’ button

VW Connect

- Virginia Western’s Intranet site, VWConnect, is a place where employees can collaborate, provide content management of documents, implement business processes with automated forms, and supply access to information that is essential to VWCC’s organizational goals and processes.

- VWConnect can be accessed by any computer located on the main campus (offices require VWCC account login ability, classrooms do not) or with access to the VWCC Network.

- A quick link to VWConnect is located on campus computer desktops.

- A variety of departments across campus have a designated page to assist employees with their day-to-day operation.
The VWCC Knowledge Center (KC) was established to meet the educational, training, and learning needs of our employees and our community. The VWCC KC is a resource for training, learning, and career development for our College. It provides a clear path to learning and professional development through Online Learning, Managing Virginia Program (MVP), Performance Management and Professional Development.

As an employee of VWCC, you will find a wide variety of training and developmental opportunities designed to promote your professional and personal growth.

Please e-mail Heidi McClintic in Human Resources so your user rights can be established in the VWCC KC. In this e-mail, please include your full name, the division you will be teaching in, and your current e-mail address. Once you have been registered in the VWCC KC, you will receive a confirmation e-mail with your login and password. It is recommended you change your password the first time you login to the VWCC KC.
Thank you for completing both the general orientation for all new adjuncts as well as the school’s specific orientation. We hope that the information contained in both programs has been helpful.
