

CompTIA Linux+ Program Technical Standards

Program Overview: Advanced administrative operations, systems management, script execution, and user environments hosted within Linux operating system distributions across cloud or enterprise infrastructure.

Domain	Technical Standard Definition	Contextual Classroom / Lab / Field Examples
System Management	Access, update, configure, and maintain core application services and internal settings within a terminal or file management structure.	• UI Navigation & CLI Usage: Look at terminal interfaces; parse, type, and modify text lines, system variables, and structural commands inside a Linux text environment. • System Configuration: Manage file access privileges, adjust background services, and execute terminal automation steps using direct keyboard commands.
Physical & Cognitive Stamina	Maintain steady seated posture, concentrated mental focus, and coordinated eye-hand input across long digital technical projects.	• Screen-Based Work: Sit or remain stationary before terminal workstations for extended blocks of time; continuously manage data lines on a digital interface using specialized input peripherals.
Foundational Knowledge	Apply logic frameworks, operational workflows, and software paradigms across disparate technical architecture lines.	• OS Differentiation: Draw upon background knowledge of contrasting operating frameworks (e.g., Windows Registry or macOS paths) to quickly understand and manage Linux directory setups, structural designs, and kernel variations.

Institutional Accommodations & Universal Access Note

In accordance with Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act (ADA), reasonable accommodations are provided to eligible students with documented physical, psychological, sensory, or learning disabilities.

To request accommodations, discuss environmental or instructional barriers, or obtain alternative format configurations of institutional materials, please coordinate directly with the specialized support office:

- Office of Disability Services (ODS): Student Life Center, Room S207

- Phone Contact: (540) 857-6488
- Institutional Email Portal: disabilityservices@viriniawestern.edu
