How to Change Blackboard Course Title

As instructor, if you prefer that you are able to change the course title on Blackboard.

To change Blackboard course title:

1. Login to Blackboard and click the link of the course under the Teach tab.

2. As an instructor, you will see the Control Panel under your course menu buttons. To make the course title change, click Customization and then select Properties.

3. On the Properties page, change the course title.

4. Click Submit to complete the change.
