“Cohort” includes only first-time, full-time students entering during the fall term who are seeking an associate degree or a certificate of 12 months or longer. For community colleges, this federal cohort definition provides a LIMITED representation. The success of less than half of Virginia Western’s incoming students is shown in these figures.

This table provides information in accordance with certain provisions of HEA 668.45(a)(5). This federal mandate was designed to provide public access to comparable information from different colleges. HEA 485(a)(7)(A) exempts two-year colleges from reporting of some types of breakdowns.
