Indicate Virginia Western Community College as the institution you plan to attend **and your plan of study as Career Studies Certificate: Introduction to Radiography**. Choose the earliest semester you may be likely to register for any class at VWCC (if you would only attend VWCC if you get into the program, choose the latest option closest to fall 2026). High school seniors should select the fall semester following HS graduation; if upon completion of HS you wish to take a summer course and encounter problems registering, you should seek assistance from the college enrollment center staff.
