Introduction by the Chief of Police

The Office of Campus Police is responsible for ensuring, as best as possible, the safety and security of our Virginia Western community. As an agency we work diligently to deter criminal activity and strive to foster a safe environment for our students, staff, and visitors. We understand however that we cannot do this alone. Emergencies, crimes, and suspicious activities should be reported to campus police immediately. As part of our public safety mission, and in compliance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, the Virginia Western Police Department provides annual disclosure of procedural information and statistical data for the preceding three years. This data is reflective of Clery crimes that have occurred on the Virginia Western main campus, as well as its other owned or controlled learning locations.

Please take a moment to review this report as we believe you will find it informative.

Sincerely,

Craig S. Harris

Chief of Campus Police

About Virginia Western Community College

Virginia Western Community College is a two-year non-residential public institution of higher education operating under a statewide system of community colleges. The College operates under the policies established by the State Board for Community Colleges and the Virginia Western Community College Local Advisory Board.

The service region of the College includes the Cities of Roanoke and Salem, as well as the Counties of Roanoke, Craig, Franklin, and southern Botetourt. Day, evening, and weekend classes are provided on a 70-acre campus located in Southwest Roanoke. Classes are also offered at off-campus locations in the region. The College was established in 1966 and has grown from an initial enrollment of 1,352 to its current annual enrollment of over 8,500 students in credit courses and more than 1,200 enrollments in fast-track workforce and continuing education courses.

Virginia Western Police Department – Mission Statement

The Virginia Western Police Department continually endeavors to improve the quality of life of those we serve, by developing partnerships with the college community so that we can collectively and successfully address issues and concerns. We believe it is our primary goal and calling, to maintain a safe and secure campus environment with equal protection under the law. We recognize the vast diversity of our community and strive under the authority of our badge to remain fair, nonbiased, and transparent in all that we do and say. We mirror and wholeheartedly support the college's Core Values of, Diversity, Integrity, Respect, Success, and Teamwork.

Virginia Western Police Department – About Us

There are eight full time sworn Police Officer positions at Virginia Western Community College. All are appointed through the City of Roanoke Circuit Court (23rd Judicial District) in accordance with section §15.2-1704 of the Code of Virginia and have fully vested powers and authorities to enforce the criminal laws of the Commonwealth and any applicable ordinances as sanctioned by the City of Roanoke. The Campus Police Department's jurisdiction includes all properties within the main campus located at 3095 Colonial Avenue, SW Roanoke, Virginia as well as all adjacent roadways. Under Title 23 of the Code of Virginia ([§ 23.1-816](#)), Virginia Western's Campus Police Department may extend its police authority beyond this main campus boundary as stated in the code; "The governing board of any public institution of higher education that leases, rents, or owns satellite campuses, public buildings, and other property

located beyond the limits of such institution has and may exercise full police power over such property and individuals using such property.”

Virginia Western Community College maintains an active Mutual Aid Agreement with the Virginia State Police as it relates to the investigation of any felony criminal sexual assault or medically unattended death occurring on property owned or controlled by the institution or any death resulting from an incident occurring on such property. Additionally, the department maintains an Extraterritorial Arrest Agreement with the City of Roanoke, extending the powers of arrest to all areas within the City for violations in which an officer would be required to act upon if working a regular tour on campus. The Campus Police Department maintains a written policy related to the investigation of sexual assault. In the interest of agency interoperability, Campus Police utilize communications frequencies provided by the City of Roanoke’s trunked 800 MHz communication system that allows for a more cohesive communications strategy with other regional emergency and law enforcement agencies. This interoperability offers the campus police the ability to utilize the National Crime Information Center (NCIC) and Virginia Crime Information Center (VCIN) computer networks via the City of Roanoke E-911 Center. This connectivity allows campus police to transmit and receive information about stolen or recovered property, as well as information about missing or wanted persons.

Virginia Western Campus Police report crime statistics to the Commonwealth of Virginia via the Incident Based Reporting (IBR) system.

The Virginia Western Police Department encourages all students, faculty, staff, and visitors to report crime promptly and accurately to the Campus Police Department. The Campus Police Department may foster this reporting through personal interactions, brochures and posters, VWtv presentations, red Emergency Call Boxes ([see campus map](#)) and the [Campus Police Website](#) which provides information about how to report crimes. This website also offers the opportunity for reporting a crime anonymously through a hyperlink entitled [Submit Anonymous Report](#). We encourage all community members to work in cooperation with us to limit the opportunities for incidents to occur by following common sense security measures and safety practices such as never leaving valuables unattended, reporting suspicious activity, and keeping your vehicle doors locked and windows up.

Preparing the Annual Security Report

This report is prepared by the Virginia Western Police Department in collaboration with a variety of campus stakeholders. This report contains crime statistics for property owned or controlled by the institution which are gathered from campus security authorities and local police agencies. The report and statistics are published annually on or before October 1 via the US Department of Education web portal, as well as on campus via hardcopy located in the Campus Police Department. The Report is also made available via links on the [Campus Police website](#), and is made available to any person requesting a copy or link of the report. Notifications related to the yearly publishing of the report are made via the Student Bulletin (for students) as well as the employee Weekly Bulletin (for employees).

In the Annual Security Report (ASR) the Department of Education requires that the following be used to classify and record Clery reportable crimes:

- The Federal Bureau of Investigation (FBI), Uniform Crime Reporting (UCR) Handbook is used for all definitions of offenses except for sexual offenses.
- For sexual offenses only, the National Incident-Based Reporting System (NIBRS) Edition of the UCR Handbook is used for classification.
- Clery Act reporting does not require disclosure of all other sexual related offenses (e.g., sexual harassment, voyeurism, and incident exposure).
- Offenses are counted based on calls for service, complaints, and investigations.
- Findings of courts, coroners, juries, prosecutorial decisions, and student judicial boards are not a sole basis for counting Clery Act crimes.

Complying with the Clery Act

The Virginia Western Campus Police Department will make available all Clery related reportable crime statistics for incidents that have occurred on the Virginia Western main campus, as well as its off-campus properties that are owned or controlled by the college. Virginia Western provides, via its website, the previous three calendar years of Annual Security Reports.

Annual crime statistics are available through our Annual Security Report (Clery Report) to all current and prospective students and all current and prospective employees both online, and in printed form upon request. The campus police maintain a daily log of Clery related incidents which are regularly updated on the Police Department's website. We annually submit the college's crime and incident statistics to the Department of Education (DOE) website for publication in the DOE statistical archive.

Virginia Western Community College recognizes not only the federal requirements for reporting crime statistics, but a moral duty related to fully disclosing Clery crimes to our public. We are in full agreement with the basic tenets of the *Jeanne Clery Disclosure of Campus Security and Crime Statistics Act*. Virginia Western endeavors to be forthright and open regarding the safety of all Virginia Western facilities, properties, and areas of responsibility.

Reporting Crimes, Emergencies and Suspicious Activity

It is imperative that all crimes, fires, and suspicious activity be reported promptly to the Virginia Western Campus Police Department. The safety of our community is enhanced and the policing strategies more effective when we share responsibility. An informed community of students, faculty, and staff who use reason and caution to maintain a safe campus is vital. Crimes and emergencies should be reported by calling (540) 857-7979 or dialing 911 (emergency). You may also report suspicious or emergency conditions to any campus police officer.

Red emergency call boxes with blue strobe lights are located throughout the main campus grounds. These “emergency” boxes ring directly into the Virginia Western Campus Police Department located within the College Services Building at the northeast corner of parking lot two. These emergency calls will be forwarded immediately to the police officers on duty if they are out of the office on patrol. A map of callbox locations can be found at this link; [Call Boxes](#).

Fire Safety

Virginia Western has a written and approved Crisis Management Plan. The College’s staff shall respond to fires and other emergencies by taking the actions suggested by the plan. Virginia Western conducts fire drills as required by the Virginia State Fire Marshal to ensure participants, equipment, and plans function in the event of an actual fire. Evacuation maps are posted in all classrooms. Records related to Virginia Occupational Safety and Health (VOSH) and Fire Marshal compliance with alarm system testing and drills are maintained by the VWCC Facilities Management Services department.

Campus Security Authorities (CSA)

Members of the VWCC community are encouraged to report crimes and incidents directly to Campus Police. However, it is understandable that some may prefer to report to other individuals or offices within the College. As such, the campus community may also report crimes to Campus Security Authorities. The Clery Act requires the College to designate employees with significant responsibility for student and

campus activities, outside of normal classroom instruction as CSAs. CSA's primary responsibility is to report allegations of Clery Act crimes to the official or office designated by the institution to collect crime information. These designated areas are Campus Police and the Vice President of Student Affairs. Under Clery Act regulations, a crime is reported to the College when it is brought to the attention of a Campus Security Authority or to law enforcement personnel. The person reporting is not required to be affiliated with the institution.

- CSA training is facilitated annually via an online tool. For a copy of this this training contact the campus police department.

Pastoral and professional counselors acting in the scope of their professional license are not considered CSAs and are not required to report crimes for inclusion into this report. However, they are encouraged to share information about the various support and reporting options on campus and in the community with those they serve.

While the College has identified a comprehensive list of CSAs, the following offices have also been designated as locations where the college community can report crimes to Responsible Employees under Clery or Title IX:

- **VWCC Police Department:** College Service Building 3054 Colonial Avenue
911 (emergency) | (540) 857-7979 (non-emergency) | [viriniawestern.edu/police](https://www.viriniawestern.edu/police)
- **Chief of Campus Police:** College Services Building 3054 Colonial Avenue | (540) 857-7797
charris@viriniawestern.edu
- **Title IX Coordinator:** Chapman Hall 3094 Colonial Ave., Rm C102A | (540) 857-6572
TitleIXCoordinator@viriniawestern.edu
- **Deputy Title IX Coordinator:** Student Life Center 3096 Colonial Ave., Rm S207 | (540) 857-6488
TitleIXCoordinator@viriniawestern.edu
- **Behavioral Health Advocate:** Student Life Center 3096 Colonial Ave., Rm S207 | (540) 857-6711
kstafford@viriniawestern.edu

Individual circumstances may dictate that members of the community make their initial report of a crime to a designated Campus Security Authority (CSA). Under Clery Act regulations, a crime is reported to the College when it is brought to the attention of a Campus Security Authority or to law enforcement personnel. The person reporting is not required to be affiliated with the institution. If the CSA receives information about a crime that occurred on or near campus, which he or she believes was provided in good faith, the CSA must immediately contact the Campus Police Department. This is imperative that

proper investigative actions can be taken to ensure an accurate and timely assessment can be made regarding the potential on-going threat to the College community. A list of Campus Security Authorities has been included as an appendix (Appendix A) to this report.

Timely Warnings (VW Alert)

Timely Warnings are narrowly focused to alert about Clery reportable crimes that have happened on defined Clery reportable geography that represent a serious or continuing threat. Timely Warnings are generated for Clery reportable crimes that have happened or may happen again. The Clery reportable crimes that may generate a timely warning are as follows i.e.: criminal homicide, forcible and non-forcible sexual offences, robbery, burglary, vehicle theft, arson, drug and alcohol violations, weapon violations, and hate crimes. Offences defined under the Violence Against Woman Act of 1994 that may potentially generate a timely warning are domestic violence, dating violence, stalking, and sexual assault. If a serious community threat has been reported to Campus Police, a local law enforcement agency, or a Campus Security Authority; and in the judgment of the Chief of Police or authorized staff member the threat may pose an imminent or ongoing danger to the community, a campus-wide Timely Warning ([VW Alert](#)) will be issued. The Department of Education's Handbook for Campus Safety and Security Reporting does not formalize what "timely" is; however, the intent is to issue a warning as soon as pertinent information is available with the goal of enabling people to protect themselves from the potential danger.

In determining whether a VW Alert is warranted, the following will be considered:

- The nature of the crime.
- The continuing danger to the campus community.
- The possible risk of compromising law enforcement efforts.

Forthright consideration will be given to issuing a VW Alert regarding crimes that pose an immediate, on-going, or continuing threat to person or property. The College will ensure, to the extent possible, that an alleged victim's name and other identifying information is not disclosed. If time permits the Chief of Campus Police may collaborate with the Director of Marketing and Strategic Communications in determining the substance and delivery of a VW Alert. Upon direction of the Chief of Campus Police or his/her designee, a VW Alert may be sent by VWPD Staff, VWCC Information and Educational Technologies (IET) personnel, or the Executive Staff of the College. VW Alerts are disseminated via Virginia Western email and the following recipient designated methods: text messages (SMS) to mobile devices, and non-VWCC email addresses. In addition, the VW Alert may be posted on the College's main website,

www.virginiawestern.edu, the College's Social Media pages (Facebook and Twitter), and VWtv's throughout the campus. Virginia Western's policy related to timely warning can be found in the [Student Affairs Policy I-46](#).

Emergency Notifications

The Virginia Western Emergency Notification System enables the College to quickly notify the VWCC community and surrounding area of critical information during a major emergency or serious crime on campus. An Emergency Notification differs from a Timely Warning in that an Emergency Notification covers warnings and dangers that are perhaps beyond what Clery identifies as worthy of notification. This may be accomplished through five (5) primary delivery methods: VW Alert text, Campus-wide classroom and office IP telephone messages, external audible siren, college wide email, and VWtv display.

Emergency Notifications are reserved for incidents that pose a significant emergency or dangerous situation to the campus community. These are situations that are currently occurring on or are imminently threatening the campus. These situations include but are not limited to:

- Active Threat.
- Hostile conflict, large fight, or terrorist incident.
- Bomb threat or explosion.
- Severe weather events i.e.: tornado, flash flood.
- Chemical or hazardous substance exposure.
- Civil unrest or rioting.

Any member of the VWCC community that is aware of an emergency or incident that poses a threat to the health and safety of the community should contact campus police immediately. The on-duty police officer is responsible for confirming if the situation poses an immediate and significant threat. Upon confirmation, the officer or an appropriate college designee will endeavor to initiate the Emergency Notification System.

Emergency Notifications will contain the following minimum information:

- The nature of the emergency.
- The location of the emergency.
- Brief advisory information such as lockdown location, evacuation directions, or areas to avoid.
- Additional steps or directions to preserve the health and safety of the community.

Currently, the College can notify all VWCC faculty, staff, and students via email and those who signed up for the emergency notification service through text messaging. The College also has an external siren and telephone address system in place on the main campus to send an alert. The Outdoor Alert System is comprised of a siren tower located atop the Business Science Building that transmits a cycled high to low alert tone to the outdoor campus environment. The system is not designed to penetrate buildings but will be audible above normal street noise.

When an Emergency Notification is sent, the College uses its website to provide current and continuous updates, acting as a central reference point for accurate information. This method is useful for people who are on and off campus. Members of the larger community who are interested in receiving information about emergencies on the VWCC campus should use the VWCC website for obtaining updates in the event of an emergency on campus.

In most circumstances, Campus Police will provide a timely warning as it is best practice to do so without delay. However, responders will consider the balance between the need to notify and the risks that a notification may generate. There may be occasions when issuing a timely warning will, in the judgment of the first responders (including, but not limited to Campus Police, City of Roanoke Police, Virginia State Police, and other local first responders), compromise the efforts to assist victims or to contain, respond to, or otherwise mitigate the emergency.

Response to Reports

In addition to assessing the need for a timely warning, the responding police officer will accurately assess the reported incident, arrange for the necessary resources to manage the emergency, arrange for victim services as needed or requested, and investigate the crime. Crimes will be thoroughly documented in the appropriate report and investigated with the goal of closing the case through arrest or otherwise identifying the perpetrator.

The Campus Police Department works closely with the Vice President of Student Affairs in the evaluation of incident reports involving students that have committed violations of the law and/or the Code of Student Conduct. After consultation with the VPSA, this information may be forwarded as deemed appropriate to the Student Conduct Committee for potential student conduct policy action. The police department will independently make decisions regarding any criminal charges. The Policy on Student

Conduct (I-21) can be found at this link; <https://www.viriniawestern.edu/about/legal-and-policies/policies/student-affairs/i-21/>

For identified locations beyond the main campus, any requests for police services can be directed to the local police or sheriff's department. The Virginia Western Police Department will, if requested, assist in investigating criminal incidents at these locations in coordination with the appropriate municipal agency.

Testing Campus Emergency System Activation

In the previous calendar year, the audible external siren, emergency text alert system, VWtv televisions and all on-campus IP telephones were activated in unison once per month for the calendar year. This is to verify the functionality of the emergency notification system.

For more information on the College's procedures in the event of an emergency, please visit <https://www.viriniawestern.edu/police/crisis-management/>.

Physical Security and Access to Campus

Maintaining building security is a considerable priority for the College. Campus Police spend considerable time patrolling buildings on foot, which lends itself to protecting individuals who work on the campus as well as those who come to campus to use College's facilities.

College instructional and administrative facilities are open to the public during normal business hours throughout the year. Facilities may be secured during business hours or at times designated by the calendar as times of closure. Pre-authorized individuals who need access to locked facilities should call the Campus Police Department. Requests for access without prior arrangement require proof of identity and authorization from the appropriate Dean or Supervisor that controls the facility or area. Only authorized contractors and college personnel may sign out keys. Keysets and the sign-out log are maintained and secured by the Facilities Management Services (FMS) department. Staff, faculty, and contractors should report lost keys immediately to the Campus Police office. Some room locks may require rekeying when keys are lost. Virginia Western does not utilize electronic proximity or swipe card key systems.

Maintenance of Campus Buildings

Any facility-related security concern or other maintenance related life safety emergency is given the highest priority for response by FMS personnel. Typical FMS security calls are related to elevator failures, or housekeeping matters (spills/leaks). All requests for FMS response to life safety maintenance issues during normal operating hours should be documented via the college's Work Order System or through a police officer's Daily Personal Log Sheet. If the request is made after normal business hours, the VWCC Police Department will submit a Work Order through the Asset Essentials Maintenance System for repair or attention. For issues arising during campus closures the Chief of Police will be notified.

Campus Lighting

Adequate lighting on campus is a vital component of safety and security at night. Campus lighting corridors/sidewalks provide higher level lighting for walkways and parking lots that are used frequently after dark. The concentration of after-dark pedestrians in the lighted corridors also reduces each pedestrian's sense of being alone and more vulnerable.

Lighting corridors have been created for the heavily traveled areas. High intensity, improved-color, LED lighting has been installed in all parking lots and consequently the sidewalks in these areas.

To review lighting needs, the police department conducts regular informal lighting audits of the campus to ensure proper functioning of the systems. Anyone with a concern about lighting should call Campus Police at (540) 857-7979 or Facilities Management Services at (540) 857-6483.

Be aware that sufficient illumination does not eliminate the need to be cautious when walking at night. Pedestrians should walk with a friend, or in well-lit areas. Campus community members are encouraged to use one of the call boxes located throughout the campus if they feel threatened at any time during the college's operating hours or dial 911. If for any reason there is unease about walking on campus, the Campus Police will provide courtesy escorts when requested. Please dial (540) 857-7979 for an escort.

Campus and Workplace Violence Prevention Policy

Complementing policies and procedures in place for students, is the [College's Campus and Workplace Violence Prevention Policy](#) which provides a mechanism for addressing violent behavior committed by employees. The policy establishes that the; "College does not tolerate acts of violence or hostility committed by or against employees, students, contractual workers, temporary employment agency workers, volunteers, visitors, or other third parties on College owned, controlled, or leased properties."

Employees who violate this policy will be subject to disciplinary action up to and including termination, using existing college and state policies and procedures.

Any individual who believes there is an immediate danger to the health or safety of any member of the College community should call the VWCC Campus Police at 857-7979 or dial 911.

Reports of violence or threats of violence related to, or emanating from employees, will be managed in a manner, as allowed by Virginia Law. Based on the nature of the offense, individuals may want to report acts of violence to Campus Police. Under no circumstances shall the individual alleging acts of violence be required to file a complaint with the person alleged to have engaged in the prohibited conduct. The college will use available resources such as employee assistance programs, law enforcement offices, the college's Behavioral Health and Wellness Services, the Vice President of Student Affairs Office, Campus Assessment Response & Evaluation (CARE)/Threat Assessment Team and applicable human resources and student programs and policies in responding to alleged acts of violence. Management should be sensitive and responsive to the potential for fear of reprisal by employees or students who report threats or acts of violence. This policy prohibits retaliation against any person who, in good faith, reports a violation of this policy. Every effort will be made to protect the safety and anonymity of anyone who comes forward with concerns about a threat or act of violence.

Student Disciplinary Emergencies

Although the College takes routine disciplinary action against students under the auspices of the Policy on Student Conduct ([Policy I-21](#)), the Threat Assessment and CARE Team at times provides a swifter response when the safety of the College community is involved. To view the Campus and Workplace Violence Prevention Policy, please visit:

<https://www.viriniawestern.edu/about/legal-and-policies/policies/general-policies/v-2/>.

To reach the Threat Assessment / Care Team member please contact the Campus Police at: (540) 857-7979 or visit the webpage: <https://www.viriniawestern.edu/police/care-team/>.

Working Relationships

Virginia Western Police Officers actively investigate crimes that occur on the Virginia Western Community College campus, and coordinate with investigators from the local jurisdictions on cases that occur within the concurrent jurisdiction. Virginia Western Community College has established a Mutual Aid Agreement

with the Virginia State Police, regarding the investigation of serious criminal offenses such as sexual assaults and death investigations as required by the Code of Virginia.

As stated earlier in this report Virginia Western maintains an Extraterritorial Arrest Agreement with the City of Roanoke, extending the powers of arrest to all areas within the City for violations in which an officer would be required to act upon if working a regular tour on campus. Campus Police and Roanoke Police have established a genuine, ongoing, and committed working relationship and have the common goal of preventing crime and assisting the citizens of our community.

The campus police work closely with many Federal, State, and local law enforcement agencies such as the FBI, the Virginia State Police, Roanoke Police Department, and others.

Firearms, Weapons, and Certain Related Devices

The College seeks to provide a safe and secure environment for our community. In furtherance of that goal, it has established regulations on the possession of privately owned firearms, and prohibits firearms, weapons, and related devices to the extent permitted by Virginia law. Firearm possession is restricted on college property. They are not permitted under almost any circumstance within college buildings or in any area where people congregate. Please refer to the Virginia Western [Campus & Workplace Violence Prevention Policy](#) for clarification and details related to the college's weapons policy.

Policy on Sexual Violence, Domestic Violence, Dating Violence, and Stalking

The *Campus SaVE Act*, or *Campus Sexual Violence Elimination Act*, is a 2013 amendment to the federal Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act. The SaVE Act was established by the United States Congress as a companion to the Department of Education; Office of Civil Rights Title IX Education Amendments. The addition of SaVE should help strengthen Virginia Western's pursuit toward the prevention of sexual violence. This Act was signed into law as part of the Violence Against Women Act - SaVE requires Virginia Western Community College (as a participant in federal student aid programs) to increase transparency about the scope of sexual violence on campus, guarantee victims enhanced rights, provide for standards in institutional conduct proceedings, and provide campus wide prevention and educational programs. As a result of the SaVE Act's implementation, Virginia Western has reviewed and updated its *Policy on Harassment - Policy I-46*. This policy was reviewed, augmented, and accepted by the college on March 26, 2025. The policy in its entirety is located at the following link; <https://www.viriniawestern.edu/about/legal-and-policies/policies/student-affairs/i-46/>.

Rape and any other act of sexual misconduct or violence are serious offenses. Virginia Western Community College encourages all persons subjected to sexual violence, abuse, or harassment to report the incident to the Virginia Western Police Department and/or the college's Title IX Coordinator. Officers will respond to your location or to a location of your choosing, ensure your safety, and undertake an appropriate police or administrative response as dictated by the circumstances and your wishes. In addition, officers will facilitate contact with support resources including medical attention and/or counselors.

Defining Rape, Sexual Assault, Domestic Violence, Stalking, and Consent in Virginia

The Code of Virginia defines rape and sexual assault. Sexual assault comprises a variety of offences which includes the crimes of sexual offense and sexual battery. More information can be found at:

- Rape: <https://law.lis.virginia.gov/vacode/title18.2/chapter4/section18.2-61/>
- Sexual Battery: <https://law.lis.virginia.gov/vacode/title18.2/chapter4/section18.2-67.5/>

The Code of Virginia provides definitions for stalking (§ 18.2-60.3). More information can be found at:

- Stalking: <https://law.lis.virginia.gov/vacode/title18.2/chapter4/section18.2-60.3/>

Commonwealth of Virginia Definition of Consent

Virginia does not have a state statute defining consent to sexual activity. Virginia criminal law prohibits sexual acts that are by force and against the will of the other person or acts that are against people who are mentally disabled, mentally incapacitated, or physically helpless. In determining whether a person gave consent, or could give consent, the facts of the particular situation will be assessed. Physical resistance is not necessary to prove the lack of consent, nor is actual force. In Virginia, consent is not submission due to fear, fright, coercion, or the realization that in a particular situation resistance is futile.

The College's Policy on Harassment does provide a definition of consent, and the complete text can be found at: <https://www.virginiawestern.edu/about/legal-and-policies/policies/student-affairs/i-46/>.

I-46: Policy on Harassment states:

Consent: Consent is knowing, voluntary, and clear permission by word or action, to engage in mutually agreed upon sexual activity. Silence does not necessarily constitute consent. Past consent to sexual activities, or a current or previous dating relationship, does not imply ongoing or future consent. Consent to some sexual contact (such as kissing or fondling) cannot be presumed to be consent for other sexual activity (such as intercourse). An individual cannot consent who is under the age of legal consent. The

existence of consent is based on the totality of the circumstances, including the context in which the alleged incident occurred. Any sexual activity or sex act committed against one's will, by the use of force, threat, intimidation, or ruse, or through one's mental incapacity or physical helplessness is without consent.

1. *Mental incapacity* means that condition of a person existing at the time which prevents the person from understanding the nature or consequences of the sexual act involved (the who, what, when, where, why, and how) and about which the accused knew or should have known. This includes incapacitation by using drugs or alcohol. Intoxication is not synonymous with incapacitation.
2. *Physical helplessness* means unconsciousness or any other condition existing at the time which otherwise rendered the person physically unable to communicate an unwillingness to act and about which the accused knew or should have known. Physical helplessness may be reached through the use of alcohol or drugs.

Reporting Procedures for Sexual Offenses

Incidents of sexual assault, domestic or relationship violence, sexual discrimination, stalking, sexual harassment, exploitation or misconduct can be reported to College authorities by contacting any of the following: the Virginia Western Police Department, City of Roanoke Police Department, Virginia State Police, Title IX Coordinator, Behavioral Health and Wellness Services, CARE Team members and any Campus Security Authority (CSA). The College recognizes that reports of this nature are difficult and can be a deeply sensitive and personal decision. We encourage the reporting of these incidents by whatever avenue the complainant feels are best for their particular situation. The intent of the College is to ensure that all incidents of sexual misconduct are reported and fully investigated. Individuals interested in pursuing a complaint through the student judicial process should contact the Title IX Coordinator. The Title IX Coordinator is located in the Chapman Hall C102A and can be contacted by phone at (540) 857-6572 or by email at TitleIXCoordinator@viriniawestern.edu. Please refer to the policy on harassment for detailed reporting procedures and protocols for the Title IX coordinator. To initiate a criminal inquiry, students should contact the Virginia Western Police Department at (540) 857-7979. Should a report be introduced to the college, a representative from the Behavioral Health and Wellness or other support organization will be made available for guidance and support to the victim throughout the process. Virginia Western Campus Police as well as the college's Behavioral Health and Wellness Advocate are standing members of the Roanoke Regional Sexual Assault Response Team (SART).

Additionally, an external regional resource can be found at:

Sexual Assault Response and Awareness, Inc.
(SART Coordinators)
3034 Brambleton Ave., SW
Roanoke, Virginia 24015
Phone: (540) 345-7273
Hotline: (540) 981-9352
<https://sararoanoke.org/>

Virginia Western encourages the reporting of sexual assaults and misconduct to our Police Department.

The reasons for reporting to police are:

- to ensure the victim of sexual assault is safe, receives the necessary medical treatment and tests at no expense;
- to take action which may prevent further victimization, including issuing a crime alert to warn the campus community of an ongoing threat to their safety;
- to apprehend the assailant;
- to have the incident recorded for the purpose of compiling Clery Act statistics about incidents that occurred on campus.

A victim of a sex offense at any campus owned or controlled location has the option of reporting the offense to the law enforcement agency in that jurisdiction. Again, individuals may also report a sex offense to the institutions Title IX Coordinator.

The College is committed to providing education and resources for victims of sexual offenses including; reporting options, emotional support services, and other victim advocacies.

- Carilion Roanoke Memorial Hospital is the only local hospital that provides the services of Sexual Assault Nurse Examiners (SANE–RN) on call 24 hours a day for evidence collection.
- The College’s Behavioral Health and Wellness Advocate is located in the Student Life Center Room S-207E and is available to individuals in need of support services. Their number is (540) 857-6711 or can be emailed at kstafford@viriniawestern.edu.

Physical Evidence and Medical Treatment

Those who have experienced sexual violence and related misconduct are strongly encouraged to seek immediate medical treatment. If an individual seeks medical assistance, Campus Police can be notified at the survivors' request. If the survivor opts not to notify police, they can have the Campus Security Authority, or any employee contact the Behavioral Health and Wellness Advocate or an individual from SARA Crisis Advocates to assist with hospital transport and support. The preservation of evidence is important in these cases. Evidence collected can be used to support a report and may be helpful in obtaining a protection order through the court system. In order to preserve evidence, an individual who has experienced sexual assault is encouraged not to change clothes, bathe, or use the bathroom prior to seeking medical assistance. The individual will be encouraged to have a forensic exam completed at Roanoke Memorial Hospital by a Sexual Assault Nurse Examiner (SANE). If an exam is opted for, the sexual assault survivor has the option of requesting that a PERK kit be utilized. A PERK kit is a Physical Evidence Recovery Kit that a SANE nurse would use to collect very thorough and detailed forensic evidence. A forensic exam can be completed up to 5 days after an assault. It is the decision of the individual who has experienced sexual violence as to whether to speak with a law enforcement officer at the time the forensic exam is completed.

If an individual first reports sexual violence to law enforcement, they (police) can transport the individual to receive medical assistance as stated above. In many cases, the cost of treatment can be covered by Virginia's Criminal Injuries Compensation Fund <https://cicf.state.va.us/content/billing-forensic-providers>. The Code of Virginia ([§ 19.2-11.6](#)) states that; "a victim of sexual assault who undergoes a forensic medical examination elects not to report the offense to law enforcement, the health care provider shall inform the victim that the physical evidence recovery kit shall be forwarded to the Division (of Forensic Science) for storage as an anonymous physical evidence recovery kit." The evidence will be held while the individual decides when or if they wish to make a report to law enforcement. Individuals are encouraged to consider preserving evidence as soon as possible after an incident regardless of whether the individual has made the decision to contact law enforcement and/or to report the incident to the College.

Confidential Resources

The trained professional designated below can provide counseling, information, and support in a confidential setting. This Confidential Resource will not share information identifying an individual (including whether that individual has received services) without the individual's express permission, unless there is a continuing threat of serious harm to the patient/client or to others or there is a legal

obligation to reveal such information (e.g., suspected abuse or neglect of a minor). This professional is also available to help an individual make a report to the College if desirable.

On Campus Services:

Behavioral Health and Wellness Advocate Services:

Kimberly Stafford, LPC, NCC

kstafford@viriniawestern.edu

Student Center S207E

540-857-6711

<https://www.viriniawestern.edu/intervention/>

What we provide:

- Provide support to and advocate on behalf of students attending VWCC
- Assist students in crisis and help develop plans for them.
- Provide behavioral assessments and interventions.
- Provide support and consultation to faculty and staff.
- Provide support, assistance and advocacy to veterans and military individuals enrolled in classes at VWCC
- Make community referrals for students with behavioral health or other needs
- Monitor student conduct issues and facilitate student success regarding resolutions
- Maintain membership on the college's Threat Assessment Team and Campus Assessment Response & Evaluation (CARE) Team
- Confidential assistance for college employees and their families

Off Campus:

Blue Ridge Behavioral Healthcare (after hours): 540-981-9351 (24-Hour availability)

Sexual Assault Response & Awareness (SARA): 540-981-9352 (24-hour line)

Connect – Roanoke Memorial: 540-981-8181 (Free evaluation & referral)

Respond – Lewis Gale: 800-541-9992 (Assistance, assessment & referral)

Suicide Hotline: 800-273-8255 **Veterans Crisis Line:** 800-273-8255

The Lampstand (sexual exploitation & Human Trafficking): 540-355-9535

Missing Student Notification

The Campus Police Department will coordinate with affiliated agencies as appropriate to investigate reports of missing persons reported to Virginia Western. Since Virginia Western is not a residential campus, the assistance from other agencies, specifically the agency where the person is said to reside is crucial. The campus police department will notify any missing student's confidential contact(s) noted in the Student Information System (SIS) if provided, within 24 hours of the determination that the student is missing. In the event a student is under 18 years of age and not emancipated, the Police Department

must notify a custodial parent or guardian within 24 hours of the determination that the student is missing, in addition to notifying any additional contact person designated by the student. As required by law, for all missing students, the Virginia Western Police Department will notify the local law enforcement agency within 24 hours of the determination that the student is missing, unless the local law enforcement agency was the entity that made the determination that the student is missing. There is no waiting period required for reporting a missing person. Responding officers will carefully record and investigate the factual circumstances surrounding the disappearance. Care will be exercised in instances involving those who may be mentally or physically impaired, or others who are insufficiently prepared to care for themselves.

Anonymous Reporting: Anyone can electronically send anonymous reports about campus crimes to VWCC Police through the Anonymous Report link. This link offers a web-based report form located on Campus Police's homepage at <https://www.virginiawestern.edu/police/contact/anonymous-tip/>. When submitting a report, please provide three pieces of information: the date and time of the incident, the incident location (specific building, hallway, room, parking lot) and a concise description of the incident. The form also provides the option for identification only if the originator decides not to remain anonymous. After providing as much information as possible, click on "Submit" button and the report is emailed to the Campus Police. For the purposes of reporting this document is not considered a criminal police report.

Campus Police will follow up on each Anonymous Report as appropriate, based upon the timeliness and substantiation of information provided, to determine if the incident represents an ongoing threat to the campus community or if an investigation should be generated. If the investigating officer determines that the reported incident occurred and that it has not previously been reported, the officer will complete an incident report. Reports filed in this manner if Clery reportable, are counted and disclosed in the annual crime statistics for the institution.

Support Services

Topics related to sexual assault, sexual misconduct, relationship violence, stalking, and sexual and gender based harassment, are available through the college's [Discovery Online Student Orientation](#) product. This training is generated in conjunction with the Title IX requirements under the Violence Against Women Reauthorization Act of 2013 (SaVE Act). Virginia Western Community College can supplement this training with available peer educators and staff to provide presentations and training for the VWCC community.

Should it become necessary, victim/survivor support services are provided to students with sensitivity by trained professionals who can offer advocacy, crisis intervention, options identification, referrals, and decision-making support. Available support can include a change in academic accommodation, if requested and reasonably available. The College's credentialed Behavioral Health and Wellness Advocate will work to support or garner necessary or requested resources for survivors (victims) of sexual crimes and harassment.

Those within the campus community who are found responsible for rape or other sexual violence are subject to college sanctions, which may include probation, suspension, or expulsion from the College. The individual may also be subject to prosecution by the Office of the Commonwealth's Attorney under Commonwealth of Virginia criminal statutes.

College student conduct proceedings, as well as additional considerations for cases involving sexual misconduct, are outlined in the [I-21: Policy on Student Conduct](#). In any student conduct proceeding involving allegations of sexual misconduct, both the accused and the accuser are entitled to the same opportunities to have counsel or an advisor present during the hearing, but they will not be permitted to address the committee. Both the accused and the accuser will be informed of the final outcome of the proceedings without condition or limitation.

The College will, upon written request, disclose to the alleged victim of a crime of violence (as that term is defined in section 16 of Title 18, United States Code), or any non-forcible sex offense, the report on the results of any College student conduct proceeding against a student who is the alleged perpetrator of such crime or offense. If the alleged victim is deceased because of such crime or offense, the next of kin of such victim will be treated as the alleged victim for the purpose of this policy.

Personal Safety and Educational Programs

At first blush Virginia Western certainly appears to be a safe and secure campus. However, crime can happen just about anywhere and at any time. This can be the case especially when there is an ingrained cultural perception of safety. We ask that people empower themselves to be safety minded. Virginia Western Police hosts a number of information tables each semester on campus to pass along information related to safety. These informational tables offer information about crime prevention and personal safety to include dating violence, domestic violence, sexual assault and stalking for interested students, faculty, and staff.

Student Development courses

Virginia Western provides information about campus police, safety, and counseling resources through the college's Student Development courses (SDV). SDV helps "assist students in the transition to Virginia Western Community College."

Campus Safety Video

The [video](#), which is required to be presented at the outset of every class each semester, provides a six-minute safety presentation. This presentation offers possible responses to a targeted violence event on campus. Additionally, the video provides information about the numerous alerting tools the college maintains i.e.: texts, siren, VWtv's, phone messages, etc....

Weekly Bulletin Posts

The Weekly Bulletin is an employee and student based regularly published e-newsletter. The Campus Police utilize this resource to push out safety information and notifications.

Campus Safety Tips:

- Understand the college's Active Threat Response; Lockdown - Run-Hide-Fight™ or Avoid, Deny Defend. Please review and familiarize yourself with the college's Campus Safety Video.
- Sign up for VW Alert text alert system. This program will alert you during a campus active threat, or for inclement weather campus delays or closures.
- Program the Virginia Western Police telephone number into your cell phone – Campus Police (540) 857-7979. Use either a 1 or an A as the first digit in your contacts so the number shows up first. For example: **A** Campus Police (or) **1** Campus Police.
- Be aware that you are always a potential victim of crime. Stay alert and attuned to people and circumstances around you.
- Immediately notify the VWPD of suspicious persons or activity.
- Survey your classroom and your outdoor surroundings for safety measures should you need them during an incident (i.e.: door locks, potential door barricades, call boxes, classroom telephone locations, room numbers, escape routes, etc.)
- Avoid the use of alcohol and other drugs. Persons under the influence are much more likely to be the victims of a serious crime.
- Lock your car while it is unattended, even if just for a few minutes. Lock it again while driving.
- Keep your valuables in a safe place. Do not leave valuables out in the open and unattended. All a criminal requires is a brief moment in time to act.
- Utilize GPS or "locate" software for your electronics.
- Utilize phone safety apps, such as [My SOS Family](#) and internet learning resources such as

<http://changingourcampus.org/>.

- Walk to and from your car and classes utilizing the buddy system, avoid walking alone if you can.
- If you have a circumstance that has made you uneasy, call the campus police for an escort to and from your car. You may also ask that they be in a particular parking lot when you arrive. If they are available, they should be there.
- If you are a victim of a crime off campus and you believe it may extend to the campus notify campus police so they may be aware (domestic assault, protective order, stalking, etc.).
- Trust your instincts if something seems not quite right - trust that feeling.

Policy on Hazing - Stop Campus Hazing Act

The Stop Campus Hazing Act (SCHA – HR.5646), enacted on December 23, 2024, amends the Clery Act to prioritize the prevention and transparency about hazing incidents.

The term hazing as defined in the Act is any intentional, knowing, or reckless act committed by a person (whether individually or in concert with other persons) against another person or persons regardless of the willingness of such other person or persons to participate, that (1) is committed in the course of an initiation into, an affiliation with, or the maintenance of membership in, a student organization (e.g., a club, athletic team, fraternity, or sorority); and (2) causes or creates a risk, above the reasonable risk encountered in the course of participation within the college or the organization, of physical or psychological injury.

Virginia Western will take a proactive role in responding to, and tracking, incidents of hazing. Virginia Western currently addresses hazing within its Policy on Student Conduct (Policy Number I-21). This policy specifically defines hazing and includes it as a student conduct violation. Additionally, beginning in October 2026, hazing specific campus policies and statistics will be published in the college's Annual Security Report (Clery Report).

Sexual Offender Registry

The Federal Campus Sex Crimes Prevention Act requires institutions of higher education to issue a statement advising the campus community where information concerning registered sex offenders may be obtained. Sex Offender information is available via a link available on the [Virginia State Police website](#).

All sexual offenders that have applied to, or are considering application to Virginia Western, who come to the attention of the college are vetted through the college's Campus Assessment Response and Evaluation Team (CARE Team). All prospective enrollments will be held in suspense until the CARE Team finishes its evaluation. If the offender/student is actively on campus or is enrolled in classes, that access will be disallowed pending the outcome of the CARE review. For further information please contact Chief of Police Craig S. Harris, at (540) 857-7797.

Student Conduct Policies and Procedures

Recognized student organizations and clubs are expected to uphold and abide by standards of conduct as outlined in the College's Student Conduct Policies and Procedures. When students fail to abide by these standards, student conduct proceedings are used to assert and uphold the Policies. Sanctions, if imposed, can include but are not limited to a reprimand, conduct probation, educational or restorative measures, loss of privileges, conduct suspension, and/or conduct expulsion. All student conduct issues are overseen by the Vice President of Student Affairs located in Chapman Hall. Student Conduct Policy: <https://www.viriniawestern.edu/about/legal-and-policies/policies/student-affairs/i-21/>

Security of and Access to Campus Facilities - Academic and Administrative Buildings

Virginia Western as a state institution of higher education maintains an open and welcoming campus. The campus is designed to promote willing interaction with the citizens of the Roanoke Valley. The academic and administrative buildings are open to the public during normal business hours. Most facilities have individual operating hours, which may vary at different times of the year. Access to buildings after normal business hours is controlled by the Campus Police Department. Virginia Western police officers patrol academic and administrative buildings as well as parking lots and outdoor public gathering areas on a regular basis. For information about the access protocol for a specific building after operating hours, contact the Campus Police Department. All employees must have administrative approval to access any building after normal operating hours. All after-hour building access approvals must be forwarded to the police department in written format prior to access being considered. If the campus is closed due to inclement weather or due to some unforeseen event, all approved access will be handled based upon safety considerations. If the campus is deemed to be hazardous by VWPD (i.e.: ice, snow, flooding, threat, etc.) access will be denied.

Security Maintenance of Campus Facilities

Problems with safety-related hardware (such as doors, locks, windows, lights, emergency call boxes, etc.) in all buildings should be reported promptly for repair. Facilities Management Services (FMS) personnel are available during office hours (7:00 AM – 3:30 PM) to respond to safety-related problems. After normal business hours, safety-related repair requests should be reported to VVWP who will facilitate the response of maintenance personnel.

The College has installed and maintains exterior lighting around our buildings, as well as sidewalk and roadway lighting. Shrubbery maintenance is conducted with both security and appearance in mind. Any member of the College community may report a security or maintenance concern by contacting VVWP or Facilities Management Services.

Alcohol and Other Drugs Policy

Consistent with the educational mission of the College, VVWC provides programs that promote awareness of the physical, psychological, social, and behavioral effects of alcohol consumption and drug use. Upon request, the VVWP also provides educational programming about the effects/impacts of impairment from alcohol and drugs in personal safety. The use, possession, manufacture, or distribution of any controlled substance, including alcohol and marijuana is strictly prohibited on campus. Violations of these laws and/or policies by students, visitors, or employees are strictly enforced by the VVWP and violators are subject to possible, college disciplinary action, criminal prosecution, fine, and possible imprisonment. Student policy can be found by following this link: [*Illegal Substance Policy: I-44*](#).

Employees are required to adhere to the Commonwealth of Virginia Department of Human Resource Management Drug and Alcohol Policy (DHRM Policy #1.05) which is available online at: <https://www.dhrm.virginia.gov/docs/default-source/hrpolicy/1-05-alcohol-other-drugs-10-5-21.pdf>.

Employees are encouraged to contact Human Resources with questions and concerns about drug or alcohol programs. Human Resources – [Employee Assistance Program](#) (540) 857-7282

Students who have questions or concerns about alcohol or drug issues are encouraged to contact the Student Services Department and/or Campus Police for support or direction. The College provides intervention and educational services to students through its Behavioral Health and Wellness Advocate. Any student can make a confidential appointment to talk about their concerns regarding alcohol use, drugs use, and stress and/or coping issues. The Behavioral Health and Wellness Advocate's office is

located on the second floor of the Student Center in Room S-207E. Further information can found online at the following link: <https://www.viriniawestern.edu/intervention/index.php>.

Commonwealth of Virginia Law

Alcohol: No person under 21 years of age may consume, purchase or possess, or attempt to consume, purchase or possess any alcoholic beverage except under certain circumstances as described in [§4.1-305](#) of the Code of Virginia. Individuals convicted of violating this section may be subject to a fine, jail and/or license suspension.

Virginia Western strives to maintain a safe, healthy, and efficient workplace free from drug and alcohol abuse. The College complies with federal and state regulations pertaining to the abuse of controlled substances including the *Drug-Free Workplace Act of 1988*, the *Drug-Free Schools and Communities Act of 1989* and the Commonwealth of Virginia Policy on Alcohol and Other Drugs.

The *Drug-Free Schools and Communities Act* and the U.S. Department of Education's supporting regulations require that the College provide written notification to all employees regarding:

- The standards of conduct that prohibit unlawful possession, use or distribution of illicit drugs and alcohol;
- A list of applicable legal sanctions;
- A description of the health risks associated with abuse of alcohol or use of illicit drugs;
- A list of resources for counseling, treatment and rehabilitation from drug and alcohol abuse; and,
- A clear statement that the College will impose disciplinary sanctions for violations of the standards of conduct.

The Federal *Drug-Free Workplace Act* requires that the College inform employees that the unlawful manufacture, distribution, possession, or use of a controlled substance is prohibited in the workplace. The workplace consists of any state-owned or College-owned, controlled, or leased property, or the site where state work or College work is performed. Additionally, drunken, or disorderly behavior on property owned or controlled by the College, or at functions sponsored or supervised by the College is prohibited.

Any employee who violates these prohibitions will be subject to disciplinary action up to and including discharge, and/or required to satisfactorily participate in a drug abuse assistance or rehabilitation program at the discretion of management. As a condition of employment, each employee must abide by

the terms of this prohibition and notify his/her supervisor of any criminal drug statute conviction no later than five days after such conviction. The College wishes to provide all reasonable assistance to faculty and staff in dealing with alcohol and drug problems.

Marijuana: Marijuana remains illegal on the federal level. As a result, marijuana use (medically and recreationally) is not allowed on public or private college campuses that receive federal funding. Since Virginia Western is designated as being a college that receives federal funding, all marijuana possession and use is prohibited by policy on/in any of its owned or controlled locations.

Specific acts subject to disciplinary action include:

- The unlawful or unauthorized manufacture, distribution, dispensation, possession or use of alcohol or illicit drugs in the workplace, on college property or as part of any College activity.
- Reporting to or remaining at work impaired by or under the influence of alcohol or illicit drugs.
- An action which results in a criminal conviction for
 - A violation of any criminal drug law, based upon conduct occurring either on or off the workplace, or
 - A violation of any alcoholic beverage control law, or law that governs driving while intoxicated, for conduct occurring in the workplace.
- The failure to report to the supervisor, in writing, that the employee was convicted of any offense as defined in bullet 3 above, within five (5) calendar days of the conviction.

Employees who commit the above offenses are subject to disciplinary action up to and including discharge and participation in a drug abuse assistance or rehabilitation program at the discretion of management. Faculty sanctions for such violations shall be in accordance with the rules specified in the *VWCC Faculty Handbook*. Classified employee sanctions for such violations shall be in accordance with the Commonwealth's Standards of Conduct Policy.

The following are resources for notification and information related to this issue:

- [The Commonwealth of Virginia Drug and Alcohol Policy](#)
- [Employee Assistance Programs](#) (EAP) provide confidential information and services on counseling, treatment, and rehabilitation programs for employees. EAP also provides confidential assistance to supervisors who must confront employees with personal problems that affect the work environment. Additional information can be found on the Virginia Western Human Resources [website](#).

As members of the College community, our common objective is to maintain an environment free from the adverse effects of alcohol and drugs. For the College to remain in compliance, and as a condition of employment, employees must abide by the terms of these policies.

Emergency Response Testing

The Police Department in partnership with college officials will conduct tests of the Crisis Management Plan and Continuity Plan on an annual basis. The tests can include but are not limited to drills, functional exercises, tabletops, or full-scale simulations. If the test significantly impacts the normal operations of the college, the community will be properly notified of the disruption. All annual tests and/or exercises are reviewed in an after-action report which highlights the noteworthy and/or deficiencies in operational plans and the performances of the participants.

All campus wide emergency notification systems are tested monthly. This includes a full activation of our external audible siren, [VW Alert](#) text alert system, campus wide telephone system, campus wide televisions and email system. Students, faculty, and staff are encouraged to test their individual and classroom safety procedures and protocols during this time.

Medical Emergencies and Response

In case of a medical emergency, you can call Campus Police at 857-7979 or directly notify Roanoke City Emergency Dispatchers by dialing 911. Campus Police will be notified by the City of Roanoke Emergency Communications Center and will initiate an immediate response. Students, faculty, or staff who require emergency room treatment will be transported to a nearby medical facility. Responders may include Roanoke City Fire and EMS, Virginia Western Campus Police, or the City of Roanoke Police Department.

~ The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (The Clery Act) ~

Crime Statistic Classification

Under the Jeanne Clery Disclosure Act there are four general categories of crime statistics that are documented for public disclosure. The **first category** is criminal offenses which are: criminal homicide, including murder and non-negligent manslaughter, and manslaughter by negligence; sexual assault, including rape, fondling, incest, and statutory rape; robbery; aggravated assault; burglary; motor vehicle theft; and arson. The **second category** is Hate Crimes which are any of the above-mentioned offenses, and any incidents of Larceny - theft, simple assault, intimidation, or destruction / damage / vandalism of property that were motivated by bias. The **third category** are VAWA offenses which are any incidents of domestic violence, dating violence and stalking. *(Note that sexual assault is also a VAWA offense but is included in the Criminal Offenses category for Clery Act reporting purposes).* The **fourth category** are arrests and referrals for disciplinary actions related to weapons — carrying, possessing, etc. Law violations such as drug abuse violations and liquor law violations. Statistics must be disclosed separately for each of these four general categories. This means that when an incident meets definitions in more than one of these categories, it must be reported in each category.

The statistics in this brochure are published in accordance with the standards and guidelines used by the FBI Uniform Crime Reporting Handbook and the relevant federal law (the Clery Act). It is important to note that the crime classification definitions for which colleges and universities must provide statistics for the Clery Act differ from the state definitions.

For example, the crime statistics reported under the Jeanne Clery Act include the following:

- Uniform Crime Reporting Program (UCR)
 - **Criminal Homicide** (Murder /Non-Negligent Manslaughter and Negligent Manslaughter)
 - **Robbery**
 - **Aggravated Assault**
 - **Burglary**
 - **Motor Vehicle Theft**
 - **Arson**

- National Incident-Based Reporting System (NIBRS) Definitions
 - **Forcible Sex Offenses** (Rape, Sodomy, Sexual assault with an object, and Forcible Fondling)
 - **Forcible Sex Offenses** (Incest and Statutory Rape)
 - **Hate Crimes** - The law requires the release of statistics by category of prejudice concerning the occurrence of hate crimes in the crime classifications listed in the preceding section and for other crimes involving bodily injury to any person in which the victim is selected because of the actual or perceived race, gender, religion, sexual orientation, ethnicity, or disability of the victim. These are crimes that manifest evidence that the victim was intentionally selected because of the perpetrator's bias against the victim

Note: In August of 2008 HEOA S 488, 20 U.S.C. S 1092 (f) (1) F (ii) modified the above hate crimes to include the following additional crimes under the hate crime category:

 - **Larceny Theft:** The unlawful taking, carrying, leading, or riding away of property from the possession, or constructive possession, of another.
 - **Intimidation** (Includes Stalking): To unlawfully place another person in reasonable fear of bodily harm through the use of threatening words and/or other conduct, but without displaying a weapon or subjecting the victim to actual physical attack.
 - **Vandalism:** To willfully or maliciously destroy, damage, deface, or otherwise injure real or personal property without the consent of the owner or the person having custody or control of it.
 - **Simple Assault:** An unlawful physical attack by one person upon another where neither the offender displays a weapon, nor the victim suffers obvious severe or aggravated bodily injury involving apparent broken bones, loss of teeth, possible internal injury, severe laceration, or loss of consciousness.

The number of victims involved in a particular incident is indicated in the statistics column for the following crime classifications: Murder/Non-Negligent Manslaughter, Negligent Manslaughter, Forcible and Non-Forcible Sex Offenses, and Aggravated Assault. For example, if an aggravated assault occurs and there are three victims, this would be counted as three aggravated assaults in the crime statistics chart.

The number reflected in the statistics for the following crime categories includes one offense per distinct operation: Robbery, Burglary, Larceny, Vandalism, and Arson. For example, if five students are walking across campus together and they are robbed, this would count as one instance of robbery in the crime statistics chart.

In cases of Motor Vehicle Theft, each vehicle stolen is counted as a statistic.

In cases involving Liquor Law, Drug Law, and Illegal Weapons violations, each person who was arrested is indicated in the arrest statistics. The statistics captured under the “Referred for Disciplinary Action” section for Liquor Law, Drug Abuse Violations and Weapons violations indicates the number of people referred to the Student Conduct and Academic Integrity Office for disciplinary action for violations of those specific laws.

Clery Act Geographic Definitions

This report is careful to delineate what crimes and incidents happen not only campus wide but at each specific Virginia Western Community College controlled location. To that end we include incident statistics for on-campus, non-campus and identified public properties as stated below.

On-Campus Property - Any building or property owned or controlled by an institution within the same reasonably contiguous geographic area and used by the institution in direct support of or in a manner related to the institution’s educational purposes; and any building or property that is within or reasonably contiguous to the campus that is owned by the institution but controlled by another person, is frequently used by students and supports institutional purposes (such as a food or retail vendor).

Non-Campus Building or Property - Any building or property owned or controlled by a student organization that is officially recognized by the institution; or any building or property owned or controlled by an institution that is used in direct support of or in relation to the institution’s educational purposes, is frequently used by students, and is not within the same reasonably contiguous geographic area of the institution.

Public Property - All public property, including thoroughfares, streets, sidewalks, and parking facilities, that are within the campus or immediately adjacent to and accessible from the campus. The crime

statistics do not include crimes that occur in privately owned homes or businesses within or adjacent to the campus boundaries.

Clery Reportable Crime

Non-Sexual Crimes and Violations

Definitions:

Aggravated Assault - An unlawful attack by one person upon another for the purpose of inflicting severe or aggravated bodily injury. This type of assault usually is accompanied by the use of a weapon or by means likely to produce death or great bodily harm. It is not necessary that injury result from an aggravated assault when a gun, knife, or other weapon is used which could or probably would result in a serious potential injury if the crime were successfully completed.

Arson - Any willful or malicious burning or attempt to burn, with or without intent to defraud, a dwelling, house, public building, motor vehicle or aircraft, personal property of another, etc.

Burglary - The unlawful entry of a structure to commit a felony or a theft. For reporting purposes this definition includes unlawful entry (no force) with intent to commit a larceny or a felony; breaking and entering with intent to commit a larceny; housebreaking; safecracking; and all attempts to commit any of the aforementioned.

Motor Vehicle Theft - The theft or attempted theft of a motor vehicle. (Motor vehicle theft includes vehicles such as golf carts, motorcycles, etc.)

Criminal Homicide - (These offenses are separated into two categories)

- **Murder / Non-negligent Manslaughter** - The willful non-negligent killing of one human being by another.
- **Manslaughter by Negligence** - The killing of another person through gross negligence. Any death caused by injuries received in a fight, argument, quarrel, assault, or the commission of a crime.

Robbery - The taking or attempting to take anything of value from the care, custody, or control of a person or persons by force or threat of force or violence and/or by putting the victim in fear.

Weapon Law Violations - Violation of laws ordinances dealing with weapon offenses, regulatory in nature, such as: manufacture, sale, or possession of deadly weapons; carrying deadly weapons, concealed or openly; furnishing deadly weapons to minors; aliens possessing deadly weapons; all attempts to commit any of the aforementioned.

Drug Law Violations - Violations relating to the unlawful possession, sale, use, growing, and manufacturing of narcotic drugs. The relevant substances include but are not limited to: opium or

cocaine and their derivatives (morphine, heroin, codeine); marijuana and synthetic substitutes; synthetic narcotics (Demerol, methadone); and dangerous non-narcotic drugs.

Liquor Law Violations - Violation of laws prohibiting the manufacture, sale, transporting, furnishing, possessing of intoxicating liquor; maintaining unlawful drinking places; furnishing liquor to minor; using a vehicle for illegal transportation of liquor; etc. (Drunkenness and driving under the influence are not included in this definition).

Clery Reportable Hate Crime Disclosures

Hate Crime - a criminal offense that manifests evidence that the victim was intentionally selected because of the perpetrator's bias against the victim. There are eight Clery Reportable categories of bias. Hate Crimes are included in this report if they involve or are connected to; murder and non-negligent manslaughter, sexual assault, robbery, aggravated assault, burglary, motor vehicle theft, arson, larceny-theft, simple assault, intimidation, or vandalism/damage/destruction of property. Before an incident can be classified as a Hate Crime, sufficient objective facts must be present to lead a reasonable and prudent person to conclude that the offender's actions were motivated, in whole or in part, by bias.

Definitions

- **Race** - A preformed negative attitude toward a group of persons who possess common physical characteristics, e.g., color of skin, eyes, and/or hair; facial features, etc., genetically transmitted by descent and heredity which distinguish them as a distinct division of humankind, e.g., Asian, blacks, whites, Hispanic.
- **Religion** - A preformed negative opinion or attitude toward a group of persons who share the same religious beliefs regarding the origin and purpose of the universe and the existence or nonexistence of a supreme being, e.g., Catholics, Jews, Protestants, atheists.
- **Sexual Orientation** - A preformed negative opinion or attitude toward a group of persons based on their actual or perceived sexual orientation.
- **Gender** - A preformed negative opinion or attitude toward a person or group of persons based on their actual or perceived gender, e.g., male or female.
- **Gender Identity** - A preformed negative opinion or attitude toward a person or group of persons based on their actual or perceived gender identity, e.g., bias against transgender or gender nonconforming individuals.
- **Ethnicity** - A preformed negative opinion or attitude toward a group of people whose members identify with each other, through a common heritage, often consisting of a common language, common culture (can include a shared religion) and/or ideology that stresses common ancestry.

- **National Origin** - A preformed negative opinion or attitude toward a group of people based on their actual or perceived country of birth.
- **Disability** - A preformed negative opinion or attitude toward a group of persons based on their physical or mental impairments, whether such disability is temporary or permanent, congenital, or acquired by heredity, accident, injury, advanced age, or illness.

Clery Reportable Sexual Crimes

Definitions:

Sexual Assault (Sex Offenses) - Any sexual act directed against another person, without consent of the victim, including instances where the victim is incapable of giving consent. Sexual assault includes intentionally touching, either directly or through clothing, of the victim's genitals, breasts, thighs, or buttocks without the person's consent, as well as forcing someone to touch or fondle another against his or her will regardless of age. Sexual battery is a type of sexual assault.

Clery Reportable Sexual Offenses:

- **Rape** – is the penetration, no matter how slight, of the vagina or anus, with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim, regardless of age of the victim, or if the victim was incapable of giving consent. This offense includes the rape of both males and females.
- **Fondling** – is the touching of the private body parts of another person for the purpose of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental incapacity.
- **Incest** – is sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.
- **Statutory Rape** - sexual intercourse with a person who is under the statutory age of consent Code of Virginia as amended [§ 18.2-63](#).

Other Reportable Offenses:

Dating Violence - violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim. The existence of such a relationship shall be determined

based on the reporting party's statement and with consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship.

Domestic Violence - felony or misdemeanor crime of violence committed by a current or former spouse or intimate partner of the victim; or by a person with whom the victim shares a child in common; or by a person who is cohabitating with, or has cohabitated with, the victim as a spouse or intimate partner; or by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred; or by any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred.

Stalking - engaging in a course of conduct directed at a specific person that would cause a reasonable person to; fear for the person's safety or the safety of others; or to make the person suffer substantial emotional distress.

***Note:** Virginia Western Community College maintains a consistently applied campus wide policy (I-46) related to sexual violence, domestic violence, dating violence and stalking. This policy is reviewed annually and can be found in its entirety by visiting the college's webpage ([Policy I-46](#)) or requesting a copy through the Campus Police office.*

Arrests and Disciplinary Referrals

Violation of Weapons, Drug Abuse and Liquor Laws

Virginia Western is required under the provisions of the Clery Act to report statistics for violations of certain laws that occur on its designated reportable geography whether or not these crimes result in a subsequent arrest. The college is also required to disclose those violations wherein a person was referred for disciplinary action. Disciplinary action is classified as a referral of any person to any official who initiates a disciplinary action of which a record is established, and which may result in the imposition of a sanction for a Clery identified infraction or crime.

Law Violations:

- **Weapons:** is defined as the violation of laws or ordinances prohibiting the manufacture, sale, purchase, transportation, possession, concealment, or use of firearms, cutting instruments, explosives, incendiary devices, or other deadly weapons.
- **Drug Abuse Violations:** the violation of laws prohibiting the production, distribution and/or use of certain controlled substances and the equipment or devices utilized in their preparation

and/or use. The unlawful cultivation, manufacture, distribution, sale, purchase, use, possession, transportation or importation of any controlled drug or narcotic substance.

- **Liquor Law Violations:** the violation of state or local laws or ordinances prohibiting the manufacture, sale, purchase, transportation, possession, or use of alcoholic beverages, *not including* driving under the influence and drunkenness.

Daily Crime Log

The Campus Police Department maintains a Daily Crime Log of all incidents of a criminal nature reported to the Police Department. The purpose of the daily crime log is to record all criminal incidents and alleged criminal incidents that are reported to the campus police. This includes all crimes that occur on campus, in areas jurisdictionally patrolled by campus police, on reportable public property or within the Virginia Western Campus Police area of concurrent jurisdiction. The Daily Crime Log can be found on the Virginia Western Campus Police website located at: www.viriniawestern.edu/police/incidents

The Daily Crime Log includes the incident type, date incident is reported, date and time of occurrence, and general location of each reported incident type, as well as the disposition of the incident. The Police Department posts specific incidents in the Daily Crime within two (2) business days of receiving a report of an incident and reserves the right to exclude reports from a log in certain circumstances as permitted by law. The most current 60 days of information is available online at the Campus Police web page, or at Police Headquarters located at 3054 Colonial Avenue, SW during normal business hours.

Campus Crime, Arrest, Disciplinary Referral and VAWA Statistics

The Clery Act as amended, requires separate statistical reporting for specified criminal incidents, arrests, disciplinary referrals and Violence Against Woman Act (VAWA) reports and/or crimes. This datum is required for all properties owned or controlled by Virginia Western Community College, to include both the main campus and any non-contiguous properties. The Clery, or Annual Security Report requires the inclusion of these statistics for the reporting cycle beginning January 1, 2023, and ending December 31, 2023. These statistics are to be made available to students and Virginia Western employees, and it further requires that the report be made available to any prospective Virginia Western Community College employment applicants upon request. These statistics conform to the definitions, time period and classifications specified by federal law.

NOTE: Data from local law enforcement officials is subject to availability, and upon receipt is subject to review and revision by Virginia Western Community College. The Virginia Western Campus Police make a good faith effort to extract all crime reports and statistics from our regional law enforcement partners by submitting a

formal mailed request to each agency. The Virginia Western Campus Police Department is not responsible for the accuracy of those figures. Numbers in some statistical fields may have changed from previous reports due to clarification of Clery reporting requirements or updated crime data.
